

OOP Project Meeting

2020-02-17

- Food order system
 - Users can order food to reserved rooms during reserved time
 - Admins can add/remove restaurants/menus
- Admins can change working hours of buildings
- Student/employee number, NetID and password are required for creating an account
- Nice to have
 - Account deletion
 - Notification to admins for bikes that has not been returned after 4 hours
 - Calendar view of reservations/schedule of a room
- For the first demo
 - Properly working reservation system
 - Users can see rooms
 - Users can make reservations
 - Users can cancel reservations
 - Users can view own reservations
